

## HOBBY CLASSES FOR LITTLE CHERUBS OF VVDAV, VIKASPURI

**'SCHOOL IS CLOSED, THE LEARNING IS NOT'.**

Hobbies play a significant role in a person's life, as it is something that rejuvenates one's inner self, brings joy and provides opportunities to explore one's interest and abilities.

To engage our little VVDAVians during Summer Break and to add some fun to their regular routine in the present situation, the Nursery Wing of VVDAV, Vikaspuri has organised the online Hobby Classes for grades Preschool to I.

These virtual hobby classes had engaged the students in different activities from April 26 to May 7, 2021. A plethora of activities and games were planned to keep the child focussed. The activities that had been organized included Arts & Crafts, Best Out of Waste, Music, Dance, Indoor Sports, Fitness Exercises etc. Each day brought a new activity that students could engage in.

The fun and creative activities in the second week of hobby classes were planned to celebrate Mother's Day. Some of the activities were Card Making (I love You Mom), Tiara Making, Badge Making (World's Best Mom), Bouquet for Mom, Fitness session with My Mother, Playtime with my Mom etc. Children along with their mothers participated enthusiastically in all the activities.

This endeavour is to provide our students with an opportunity to spend their time constructively, creatively and also help them stay fit.

Mother's Day - Sporty Sport

# Best out of waste

Best out of waste

27.4.21.

Spreading smiles with clown

Fun continues !

# Card making

For my super mom

# Tiara making and crowing
